

### **Food industry counts on the industry experience of itelligence AG HANSA-HEEMANN AG chooses itelligence as SAP consultants**

Bielefeld, March 14, 2005 - itelligence AG is supporting HANSA-HEEMANN AG in the harmonization of its business-wide SAP system landscape. HANSA-HEEMANN AG, which arose in 2004 following the merger of HANSA Brunnen AG and Ernst Heemann Mineralbrunnen Beiseförth GmbH & Co. KG, is now migrating its business software in all areas to a uniform SAP system. The drinks manufacturer is one of the leading providers of alcohol-free beverages in Germany.

Since January 1, 2005, HANSA-HEEMANN AG has been working with SAP Release Enterprise across the entire company in the areas of finance and controlling, sales, production and human resource management. In the first stage of the project, the itelligence consultants had already implemented the replacement and adaptation of the existing SAP R/3 system landscapes by December 31, 2004. Both existing SAP systems were merged and all existing processes were harmonized throughout the company. All production and delivery measures were pooled from the very beginning and other makes of logistics software used by Hansa were replaced by SAP. In addition, the functionalities from the R/3 drinks solution, Beverage, were fully migrated converted to the SAP standard. it.consumer, itelligence's industry solution for the consumer goods industry maps all industry-specific requirements that are also relevant to HANSA-HEEMANN AG.

Tanja Seißer, SAP project manager at HANSA-HEEMANN: "itelligence's high levels of expertise in the food industry and convincing concepts in process harmonization and project procedures persuaded us to join them as consultancy partners."
