

CeBIT 2004 - March 18 - 24, Hanover

itelligence AG to present SAP solutions and comprehensive services under the motto “Your way to it”

Frankfurt, February 17, 2004 - “Your way to it“ - this is the motto under which itelligence AG will exhibit its innovative mySAP All-in-One solutions and its comprehensive consulting expertise in the SAP environment at this year’s CeBIT in Hanover (March 18-24, 2004). On a 150 square metre stand (F48) in Hall 4, itelligence AG will display a broad range of its vertical SAP solutions and service offerings. These vertical solutions will be complemented by application examples of the new SAP NetWeaver technology from the areas of mySAP Enterprise Portal and mySAP Business Intelligence.

Vertical solutions

As a leading IT consultancy in the SAP environment, itelligence AG has the largest number of qualified vertical SAP solutions for small and medium-sized businesses. Detailed practical examples of the itelligence solutions will be shown to visitors at 14 information points. This year’s focus will be on it.automotive for the auto industry, it.engine and it.hightronics for the manufacturing industry including the high-tech and electronics sector and it.wood for the wood and furniture industry. Other examples of itelligence’s SAP solutions include it.chemicals for the process industry, it.metal for steel and metal manufacturers and it.services for the services sector.

Application examples of the NetWeaver SAP platform

SAP NetWeaver is the technological basis of all solutions in the mySAP Business Suite and its components such as mySAP Enterprise Portal, mySAP CRM and mySAP Business Intelligence. As a leading SAP consultancy, itelligence AG is one of the first SAP partners in the international SAP Netweaver initiative. At CeBIT 2004, itelligence will display successfully implemented mySAP Enterprise Portal solutions as well as process optimization examples based on Business Intelligence projects. itelligence is an SAP Special Expertise Partner for mySAP Supplier Relationship Management (SRM) and mySAP Enterprise Portal.

itelligence AG - the SAP specialist for SMEs and international corporations

Outsourcing & Services

In its modern computing centres in Europe and the USA, itelligence AG offers its small and medium-sized customers a comprehensive IT outsourcing and end-to-end service package. Solutions presented at this year's CeBIT in this context include mySAP Hosting, EAI and XI examples, archiving and document management, the SAP Solution Manager and Helpdesk. Visitors will also be provided with information on SAP/Notes integration, catalogue data management, Citrix Terminal Services and aspects of technical advice on release changes.

Human Resources as strategical challenge

itelligence offers for the small and mid-sized business market a fast and low-priced approach to SAP Human Resources, for example with the tool "itelligence HR-Guideline" as well as with special HR-Outsourcing-modells. At the CeBIT fair itelligence consultants present "HR-Potential-Check" and develop together with visitors examples how to optimise processes in human resources and how to built up significant information systems.

International presentation: Growth markets in Eastern Europe and Russia

Thanks to its closely knit branch network spanning 15 countries, itelligence AG offers fast and professional management of international projects as well as competent local advice. The focus of this year's international presentation will be on the fast growing Eastern European market, with the itelligence consultants presenting examples of the consulting solutions and services offered in Russia and Eastern Europe.

Presentations by itelligence partners

E.Mobile Technologies

E.Mobile Technologies, an itelligence customer, will present it.automotive supplier, the itelligence solution for the auto industry based on mySAP All-in-One, from the user's point of view. Established in 2003, E.Mobile Technologies GmbH is a German manufacturer of patented innovative electrical vehicles for the fast-growing European market for short-distance mobility in the recreational, advertising and entertainment sectors.

KSI Information GmbH

KSI Information GmbH - a member of the EOS Group - will display the "Credit Management Services Link" (CMS Link), which has been developed jointly with itelligence. The CMS Link is an SAP-integrated, WebApplication-based software tool, which participants in the CMS pool (a payment experience pool of commodity credit lenders developed by KSI) can use to assess debtors' credit status. Together with the respective collection services, KSI thus covers the full range of requirements in the area of credit and receivables management for corporate clients.

Soloplan GmbH

Kempen-based Soloplan, a logistics software specialist, will exhibit CarLo®, the solution for cargo handling and transport planning for complex requirements and large data volumes. Soloplan develops standard software for logistics, transport planning, scheduling, cargo billing, fleet management and route planning. The CarLo® logistics system has a certified SAP® R/3® SD-TPS interface on IDOC basis.

WSW Software GmbH

WSW Software GmbH from Kralling near Munich will present SPEEDI, the universal automotive toolbox for EDI management in SAP. WSW Software has specialized in software solutions such as SAP Add-ons as well as SAP consulting to support the introduction of logistic processes in the automotive, trading and manufacturing sectors.
